

Geauga County Public Library
Operating Policy Manual

SECTION: STORAGE FOR COMMUNITY GROUPS
NUMBER: 561
EFFECTIVE DATE: February 10, 2009
PAGE: 1 of 1

The Library does not provide storage space for community groups except for Friends of the Library groups or other support groups.

When a library is used as a polling place, the library will store Board of Election equipment as required by law if requested to do so.

Occasionally, groups may request temporary storage before a scheduled program. It is up to the Library Manager whether this request may be accommodated.

Any storage shall be kept to the minimum duration and space. Any non-library equipment or other material stored in a library facility shall be reported by the respective manager to the Director.
