

Changes to In-Person January Programs

Jan. 3, 2021

Due to the current surge in Covid cases and staffing issues, we are in the process of changing the status of most of our in-person programming for the month of January. If you have signed up for a January program, you will be contacted by your Branch regarding any changes. If you have any questions about any other January programs, please call your local Branch, check our website, or keep an eye on our social media. We appreciate your patience and flexibility.
